Croot and Hill Chase National Honours

Last weekend saw BNH/Helensville's Bart Robertson come up just short in the Bowls New Zealand National Men's Champion of Champions Singles at Hastings. Robertson was defeated by Onerahi's Dean McMurchy (11-21) in the final.

This weekend is the pairs turn, with Birkenhead's Trish Croot and Kirsty Hill making the trip south to Dunedin in pursuit of national glory, Bowls New Zealand National Women's Champion of Champions Pairs. Section play gets under way Friday with three or more wins required from four games to qualify for post-section Sunday. Croot and Hill's day gets under way at 8am Friday up against Featherston's Dale Rowe and Olivia Mancer, followed by Hikurangi's Diane Lawrence and Leanne Stewart at 10.20am and to close off Friday's play 2.40pm Queenstown's Debra Lloyd and Jane Anderson. Saturday a sleep in with the girls final section play game at 10.20am against Victoria's Sarah Taukamo and Mary-Ann Wilson. This is Champ of Champs with the eighteen women's pairs having come from club championships through centre playoffs to make the national final, no mean feat in itself. The men's, Helensville's Bart Robertson is back after last weekend's singles with Ricky Howe along to complete the pair representing North Harbour. Live streaming of the event will be on the screens at the Club over the three days (8-10 July).

City of Sails Darts League: The Stingers v MOA's
 Away at Swanson RSA , 2pm Saturday 9 July

Super Stingers Summon Sensational Strength!

By Alan Oliver

Super Stingers summon sensational strength securing seven straight strong successes! The Stingers were at home last Saturday against Tamex from Club Onehunga and have now achieved seven straight wins in the City of Sails darts league.

Tossing the tungsten for the Stingers this time were David (The French Connection), Willie (The Conqueror), Steve H (Yorkie Pud) and Alex (Fighting Rabbit). I have to say a huge thank you to David for stepping at the last moment due to unforeseen circumstances. This was also his first game for The Stingers!

In the first four games (reverse pairs), David and Willie picked up one win from two (2-1, 1-2) and Steve and Alex lost both in close games (1-2, 1-2). This meant a bit of pressure on the guys going into the singles games 3-1 down.

The guys quickly pulled out some incredible darts in the singles. They picked up three wins and a loss in the first round, making the game all square at four all. In the second round the guys won all four games to gain a four point lead – an amazing comeback! They then drew 2-2 in round three and won the last 3-1 and a 12-8 win overall.

Special mention must go to Willie for winning all his single's games (2-1, 2-1, 2-1, 2-0). Alex picked up three wins out of four, and David and Steve both got two wins.

A double winner of this weeks 'Sting in the Tale' award. Scoring 3 is normally a special achievement reserved for one player on the day – but not this week. Congratulations to both Willie and Alex for hitting the scoring minimum.

Alex was king of the 100+ scoring, with an impressive ten 100+ scores, including 2 x 140s and 2 x 100 starts. Willie hit eight 100+ scores including a 140. On his debut, David smashed a super six 100+ scores including a 140 and 104 start. Bringing up the rear was Steve with three 100+ scores, including a 145 which was a close attempt at hitting 170 – unlucky Steven!

The Stingers are back in action next Saturday 9th July, away against the MOAs at Swanson RSA. Can they make it eight in a row?

We'd love to take this opportunity to thank our generous sponsors again without whom there would be no correctly published and alliteratively challenging Stinger's headline.

This week's featured sponsor is Spray & Relax Moss & Mould Treatment owned by a great friend of The Stingers, Dean Fairfield AKA 'Stretch'.

Spray & Relax was formulated many years ago with the help of an experienced industrial chemist who wanted a strong product that was also non-caustic, non-bleaching and non-acidic. Spray & Relax was born, and thousands of metres of driveways, decks, tennis courts and more, have been successfully sprayed over the last 50 years.

Spray onto any exterior surface (only excluding polycotton tents) and simply walk away - the weather will do the rest. No water-blasting or scrubbing is required.

Darts - Did You Know

By Alan Oliver

Each week, The Stingers will bring you something interesting from the world of darts. The game itself likely originated in Medieval England in the first couple of decades of the 14th century (some believe it was French in origin) and so has a rich and varied history that led to the game we know and love today.

Did you know that the best quality darts are nearly always made from a metal called tungsten?

Tungsten, also known as wolfram, is a fairly scarce metal of steel grey colour with some unique characteristics. For example, Tungsten has the highest melting point of all known minerals and the highest boiling point of all of the existing elements. Great, but why make darts from it?

Tungsten is used to make darts because it is such a dense metal. The more tungsten a dart barrel has, the smaller it can be made without losing weight. The higher the tungsten content, the higher the quality of the dart and the most used alloys are anywhere between 80% and 90% tungsten.

Tungsten darts will be more durable and offer a more extensive range of machine knurling patterns that provide better grip with less potential for slipping.

Now you know why the best quality darts are made from tungsten.

Scientifically speaking, this is a big old lump of Tungsten.

Logan MIP

The second round of the Social Indoor Bowls League came to its conclusion last Monday evening after four weeks and twelve games. Fuzzy Duck took out the top spot with ten wins while second spot was hotly contested over the four weeks between Un-win-A-Bowls, Trev's Trio, Barfoots and Alba, but it was Alba who stayed steady with seven wins and draw to secure second spot. Bowler Babes cruised into the "Thanks for Participating" spot with their two wins and two draws. Special award for most improved player, presented by none other than Marilyn Munro impersonator, Fay-Louise, went to young Logan from the Barfoots team. A special thanks to Barfoot and Thompson's Shelley Boyed and Lance Clarke for their continued support of the Social Indoor Bowls League.

The evening concluded with hamburgers and chips thanks to Bernie Hall. Round three of Winter Social Indoor Bowls League gets under next Monday (11 July) and will continue the follow three Monday evenings. Our History - Birkenhead

Reproduced from "A Bit of History & Celebrations Guide" marking the Club's 75th Jubilee in 2018 . Originally published "Zooming in on the History of Bowls at the Birkenhead Men's Bowling Club 1943-89" Compiled by Jack Gledhill.

To some extent the development of the Birkenhead Bowling Club over the years has kept pace with that of the borough itself. Born in the war years (1943), it could be said that the men involved were elderly, unfit for war service or in an essential war service but were determined to prove some- thing: that they had the initiative, the self-reliance and the drive to build a bowling club, of which its members were and are today very proud. The population and economic growth of the area may also have had some influence on its development. During the war years the numerous gardeners, horticulturists and orchardists became more affluent through the market boost given by the Americans in the Pacific War requiring their products.

But the greatest impetus to local growth and development followed the building of the Auckland Harbour Bridge in 1959. According to Margaret McClure in her "Story of Birkenhead", "Birkenhead was a semi-rural out-post" in the 1950's but twenty years later a city of over 20,000 people.

Initially the Birkenhead Bowling Club had one green, and a small Army hut for a pavilion. Twenty-five years later it had two full greens and a large pavilion. This growth did not occur without its problems.

One of the greatest problems affecting the club as a whole is the Auckland climate, which is fairly consistently humid throughout the year leading to a proliferation of diseases in plants and in soils. Prior to Christmas wet weather often prevents work from being carried out and lack of drainage through heavy clay has often resulted in the deterioration of the greens. After Christmas, the dry weather which normally occurs, requires daily watering of the greens, which combined with high soil temperatures, is also conducive to the growth and spread of diseases. In short, the climate is not a healthy one for bowling greens which grow grass or cotula weed.

Not all the natural features of the club's site are bad, however. Unlike some bowling clubs which are encircled by buildings or are on valley floors, the Birkenhead site lies on the top side of a ridge giving bowlers a pleasant open outlook. Its north aspect gives it the full benefit of sun which is most appreciated by members on the greens and in the clubhouse particularly during the cold winter months. The greens are also sheltered from the cold southerly, south easterly and south westerly winds which seem to be very prevalent these days.
